The Broward County Board of County Commissioners is the legislative branch of Broward County government, while the county administrator handles the administrative functions. In addition to county government, Broward has 31 municipalities that serve local residents and businesses.

At the center of a metropolitan area of more than 5.5 million people, Broward County operates Fort Lauderdale-Hollywood International Airport and Port Everglades, as well as dozens of other county departments and programs.

For expanding and relocating businesses, county agencies vigilantly pursue opportunities to streamline and expedite permitting procedures, while building

and maintaining a solid infrastructure for businesses and residents.

The County Commission is comprised of nine members who are elected by district. Each commissioner must be a resident of the particular district for which seat he/she seeks election. Each year, the commission elects a mayor who serves as the county's official representative and ceremonial dignitary and provides leadership on issues facing the county.

The commission appoints the county administrator, county attorney and commission auditor. The commission also appoints numerous advisory and regulatory boards. The County Commission meets in formal session the first four Tuesdays each

One of the biggest engines to drive our economy,  
just happens to be on a plane.

Every day, more than 25,000 domestic visitors arrive at Fort Lauderdale-Hollywood International Airport. These passengers each contribute an average of \$152 a day to local businesses. Add that to the 37,000 jobs the airport produces, and you've got an annual impact of \$3 billion on South Florida's economy.

To raise Florida's economy...

...you've gotta dig deeper.

With an expansion plan that includes deepening and widening Port Everglades' waterways, adding five new cargo berths and bringing direct freight rail connections into the Port, we'll be generating \$320 million in state and local taxes and adding 135,000 jobs to Florida's economy. The future of Florida's international trade is here. We're ready.
